Dear [employees],

We're excited to announce that AI Companion is now available for you to use in Zoom!

AI Companion has a number of features available throughout your workday to help enhance productivity.

**Generate ideas** for your team, helping you kickstart your project.

**Organize** sticky notes for your team.

**Examples of prompts** you can use:

- Brainstorm ideas for a new product faced by (\_\_\_\_\_) (competition)
- Create a mind map for a project.
- Create a flowchart for a process.
- Create a table for market research.

For further information on AI Companion features across all Zoom products, please visit the [Zoom AI Companion Onboarding Center](#)
